

SPARK

St Paul's Art and Recreation for Kids

Warragul

holiday program

Children will need to bring their own snacks and drinking water. Those staying a full day will also need to bring lunch. No nuts or nut products please.

Children staying all day will be supervised at lunchtime (12:00 noon - 1:00 pm) extra cost \$5

Places are limited so book early!

We want to ignite some fun and creativity into the school holidays!

St Paul's has created another fun filled and interesting holiday program open to all children in the community aged 5 to 15 years to enjoy. Each session has been designed and will be delivered by experienced teachers and professionals.

* Tuesday 3 October

9:00 am – 12:00 noon

Robotics – \$35

Experience a world of robotics at St Paul's. In this session learn how to program *Dash* the robot to navigate around an obstacle course, build attachments and program sensors on a *Lego Mindstorms* robot. No prior experience is necessary. Please note participants do not get to take the robots home, parents are welcome to come at the end of the session to take photos. Ages 7 to 13

1:00 pm – 4:00 pm

ACID Music – \$35

ACID Music is a production and editing program, and by using sound clips, sound effects and other musical elements, participants can become composers. In this session participants will be taught how to use the software to create their own music. They will receive a copy of their 'first release' to take home and share with their fans! Ages 7 to 13

1:00 pm – 4:00 pm

ESP Basketball Clinic – \$35

St Paul's is proud to welcome current Dandenong Rangers SEABL, youth league and state basketballer Taylah Giliam (St Paul's Elite Sports Performers Program graduate) to SPARK. Taylah will share her knowledge and skills in this clinic and will be supported by current members of the Elite Sports Performers Program. This is a wonderful opportunity to learn and be inspired by some of the best local athletes in our region. Ages 7 to 13

Wednesday 4 October

Performing Arts Workshop – \$35

9:00 am – 12:00 noon, Ages 6 to 10
1:00 pm – 4:00 pm, Ages 10 to 15

During our last program Kassie Martin (NIDA, VCA graduate) created magic with participants in her three hour *Performing Arts Workshop*. This time we have decided to split the groups, allowing the older children to be extended in a performing arts workshop that should not be missed. Participants will work with Kassie to sing, dance and act their way to the top to become the next 'triple threat'. Similarly, our littlest stars will be able to work through games and performances that have been specifically created for younger performers. They will develop their stage presence and the confidence they need to take them all the way and shine like a star!

Flying High – \$35

9:00 am – 12:00 noon, Ages 10 to 15
1:00 pm – 4:00 pm, Ages 6 to 10

Due to enormous popularity we have decided to run two sessions of *Flying High*, allowing participants of all ages to discover the delight that comes with flying high in an aerial hammock! These workshops allow beginners to learn the foundation of aerial hammock in a safe and exhilarating environment. The participants will be placed in age appropriate groups, allowing our little flyers to take their time and our older flyers to extend themselves!

Thursday 5 October

High Voltage Rock School

Please see overleaf for more on this exciting session!

9:00 am – 12:00 noon

Beads, Bangles and Bracelets! – \$35

Does your child love to create things, or have a love of fashion? In this workshop participants will use glass and wooden beads to design and create their choice of a colourful bracelet, necklace or another accessory. They will also learn a range of knot tying techniques to master the art of making friendship bracelets. Get some friends together and come along for a morning of friendship and fun! Ages 7 to 13

9:00 am – 12:00 noon

Fort Boards and Nerf Battle – \$35

Two teams go head to head in an orienteering adventure. Participants must find all the valuable fort boards, return to camp and start construction of their home base, the only limit is your imagination! Once completed the *Nerf* battle will begin. Can participants make their way through the list of challenges whilst keeping their team together? The morning will be filled with team work, brainstorming, creativity, engineering, problem solving and a lot of fun! Ages 7 to 13

1:00 pm – 4:00 pm

Bath Bombs and Goopy Gunk – \$35

Make fizzing, whizzing bath bombs and become an expert mess maker while exploring and experimenting to make different types of goo, gunk and slime! With a basis in scientific discovery, this is a great way to spend an afternoon. The best part for parents? We clean up the mess! Ages 6 to 13

Friday 6 October

High Voltage Rock School

Please see overleaf for more on this exciting session!

9:00 am – 12:00 noon

CSI: Warragul – \$35

A crime has been committed and it is the responsibility of young investigators to piece together the evidence! Participants will be taught how to tape off the area to protect the evidence and clues ready to collect, identify, interpret and analyse. This includes looking at fingerprints, investigating tool marks and other impressions, identifying hairs and fibres, and investigating blood, bones and DNA. This fascinating forensic science workshop should not be missed! Ages 7 to 13

9:00 am – 12:00 noon

Dinosaur Stomp – \$35

Go back millions of years to discover the wonder of dinosaurs! A range of art techniques will be explored during this session allowing participants to create fossils and dinosaur habitats. We will stomp our way through the prehistoric era and meet plenty of dinosaurs along the way. The perfect session for your littlest Dino expert! Ages 5 to 8

1:00 pm – 4:00 pm

Make and Take – \$35

SPARK is proud to welcome the talented team behind Warragul's 'The Makery' to the program. If your child is creative, loves making or building things, wants to upcycle or just be inspired, this is the class for them! A range of art activities will be on offer to help your child create a one-off masterpiece of their very own. The possibilities will be endless! Ages 6 to 13

Registration at the Miller's Factory Year 9 Centre, St Paul's Anglican Grammar School, 57 – 69 Sutton Street, Warragul (next to the Warragul Country Club).

* Please note the Tuesday program will run from St Paul's Anglican Grammar Junior School, 150 Bowen Street, Warragul, registration will be there that day.
