Calling all aspiring rockstars! **High Voltage Rock School** allows children to play in a band setting. Participants will learn the songs they want to play and have the opportunity to create their own songs. Workshops will be catered to suit the needs of each group, whether it is learning how to play in a band, learning how to create originals, or a mixture of the two! Sessions will include one on one tuition as well as small and whole group learning. Bring your own musical instrument or one can be supplied. Families are invited to come along for a concert at the end of each session. Ages 7 to 13.
